Making the world a better place, one pet at a time.

2018 Year In Review

Our first year successes:

27 cats

18 dogs

We are proud that 98 cents of every dollar raised went directly to improving pet lives.

\$13,748 received from donations, consignment sales, and Heart2Heart Designs jewelry sales

\$15,000 dispersed to Coulee Region Humane Society to award grants (includes carryover from 2017)

Heart2Heart Pet Lifeline recognizes the healing power of companion animals. Our mission is to keep pets out of shelters and rescues. To that end, we provide financial assistance for veterinary care to income-eligible pet families in La Crosse County who do not have other options for care. No owner should have to choose between medical care and euthanizing or surrendering a pet.

 Barbara's house burned down and one of her kitties was injured in the fire. Dahlia's paws, ears, and face were burned badly. With help from Heart2Heart Dahlia got much needed care and is on a slow road to recovery.

Heart2Heart partners with Coulee Region Humane Society, and works with area veterinarians, social service organizations, and homeless advocates to identify pet owners unable to pay for unplanned veterinary care for their pets.
